

# CLARIFYING INDUSTRIAL WASTEWATER

## OU OFFERS VALUE AND QUALITY

Operators Unlimited offers our customer partners confidence through efficient wastewater treatment and regulatory compliance, resulting in operational efficiency, cost predictability, process peace of mind and the freedom to focus on your primary business.

## OU'S ENGINEERING CAPABILITIES

Operators Unlimited's engineering team offers a broad level of expertise in wastewater treatment processes including designing, planning, developing and implementing design/build industrial wastewater projects to solve wastewater challenges and maintain regulatory compliance.

## OU'S TEAM CAPABILITIES

Our experienced team manages your pretreatment facility supplying chemicals, chemistry, operational staff, reporting, sampling, equipment, problem-solving strategies and engineering services while utilizing preventative maintenance to reduce operational and maintenance costs.

## OU IS LOCAL AND RESPONSIVE

Operators Unlimited has more than 20 years of offering wastewater treatment solutions to prevent downtime. Our team is comprised of veteran operators, engineers and account managers who are reliable and responsive.

## ► Service Overview

### CHEMICAL TREATMENT AND OPTIMIZATION

Cost-effective chemical supplier and custom designed blends resulting in compliant effluent with safe impacts on your company and community.

### OPERATIONAL SUPPORT AND STAFFING

Achieve predictable wastewater operational efficiency through, licensed operational staffing, technical support, project management or total wastewater plant oversight.

### ENGINEERING SERVICES

Best practice engineering and design/build solutions to maximize ROI while offering compliance for the most complex physical/chemical or biological systems.

### EDUCATIONAL RESOURCES

Training and continuing education opportunities for ongoing employee development, growth and success.

### EQUIPMENT

Cost-effective, technologically advanced, durable wastewater equipment and installation.
